

## **10 REASONS FOR CRUISE TRIP**

### **1. Pleasure of Sightseeing Without Packing and Unpacking a Luggage**

The first reason why cruise vacations are preferred more than other vacations is to be able to travel without the hassle of opening and closing luggage. So, you don't need to pack your luggage continuously while you're exploring amazing places at different destinations. You just get off the ship, tour around, and go back to the ship.

### **2. Waking Up in a Different Place Every Morning**

One of the most enjoyable aspects of a cruise vacation is that when you wake up in the morning, you are not where you slept the night before. During your night sleep, the ship is on the move and you arrive at your destination in the morning as if you had never traveled.

### **3. Lots of Discoveries in a Short Time**

One of the most important advantages of cruise vacations is to be able to explore a lot in a short time. You can explore a different place every day, as you make your travel while sleeping at night. In this way, it is possible to discover 5 different places in a 5-day journey.

### **4. Not Being Tired and Even Being Refreshed at the End of the Vacation**

A cruise vacation is not like any other vacation. Because you will not feel tired during this vacation. On the contrary, when you get off the ship, you feel rested and refreshed. In addition to the fitness center and spa rooms onboard, the treatment rooms make you feel good.

### **5. Great Photo Albums**

When you go on a cruise vacation, you will have the opportunity to take a lot of photos. Because this trip is not like the trips you take by plane or bus. By comparison, you can not take photos that you can take while traveling on a ship, whether by land or by air.

### **6. The Ability to Shop as You Wish**

Your purchases from the shops onboard are duty-free. Here, the shopping you will do at the 'duty-free' stores is extremely privileged. In other words, you can both have a very advantageous vacation and make privileged shopping.

### **7. Amazing Local Flavors**

During your cruise vacation, it is possible to eat delicious meals onboard meeting many new tastes. One of the best things about vacationing on Selectum Blu Cruises ships is that you can find local delicacies from the destinations you visit in the menus of the restaurants onboard.

### **8. Entertainment for All**

During your cruise vacation, you will find out that there is an entertainment option for everyone onboard. Whether you being alone or with your family, everyone spends time according to their age group and interests. Options and areas are available for children, adolescents and adults.

### **9. It is Not Possible to Get Bored**

You will never be bored during your cruise vacation. Because you will not have time to get bored. Cruise ships are so large that you can compare them to an island or a city. When you are inside these ships, you forget that you are on the ship. Moreover, there are many activities such as night shows and theater, from live music to wave surfing.

## 10. Early Booking Opportunity

It is a great opportunity for you to make your reservation early to go on a cruise vacation and to create your vacation plan early and advantageously. You will benefit from advantageous discounts when you choose one of the Selectum Blu Cruises ships early to go on a cruise and book a cabin in advance of the actual date.

## DRESSING ONBOARD

### Day and Evening Wear

If you travel with us during a warm weather of the year, e.g. from May to September, thin cotton clothing will help keep you cool. If you plan to swim in our pool or one of the amazing beaches we will visit, you should bring your swimsuit, sunglasses, hat and sunscreen to help protect you from the harmful solar rays. If you plan to use one of the fully equipped gyms on our ships, you should make sure to bring appropriate clothing and shoes.

### Afternoon Wear

We do not allow swimsuits or shorts at the restaurants, but we offer a scrumptious lunch buffet every day at our poolside restaurant, so you can stay by the pool without having to change your swimwear.

### Evening Wear

In our restaurants, casinos, lounges and nightclubs, and other open spaces on our ships, your clothes should be comfortable but elegant after 18:00. Please keep in mind that you can not enter our restaurants with shorts, slippers and sandals.

### Shoe Options

We recommend sports shoes or low-heeled flat shoes for your safety and comfort onboard. Such shoes will make it easier for you to walk around the ship's deck and stairs.

### Accessories

You may need a hat, sunglasses, a swimsuit, sandals and maybe a small umbrella. We also recommend bringing a camera (for photos, videos, or both). Check your batteries because you will be surprised about the number of opportunities to take incredible photos and videos.

## Dressing for Our Shore Excursions

Light-colored cotton or “breathable” sportswear can keep you cool during our tours. If you are planning to visit the beach, you will need sunscreen, a hat and a swimsuit to protect you from the sun, harmful solar rays and sun exposure. If you are visiting a religious or pilgrimage site, please look for long pants or a skirt that is below the knee.

## Special Nights

On every Selectum Blu Cruises cruise ship calendar, you can find special evening events such as the Gala Night, the Captain's Cocktail and the legendary Mediterranean Night. For the Gala Night and Captain's Cocktail, please make sure to use formal dress: a cocktail dress for the ladies, a jacket and tie for the men. For the Mediterranean Night, we hope that you will wear the colors of the Mediterranean, Turquoise blue and white. See your daily schedule for all the evening activities.

Attention Please: For newlyweds or soon-to-be brides, we strongly recommend an unexpired, government-issued photo ID. So, the ship reservation must be made with the maiden's name (do not include marriage name); If the booking is made in the name of the married, but has not expired, government issued photo ID must be present.
